EXPERIENCE

BlackRock, Mumbai — Full Stack Developer

JANUARY 2020 - AUGUST 2021

- Developed various solutions via our legacy ticketing tool, saving 700+ hours annually.
- Led a near-complete refactor of the product, improving code coverage from 0 to 80% and cutting code-smells by 90%.
- Led a build-versus-buy analysis for the team, coordinating a feasibility exercise with external vendors and presenting analysis to various stakeholders.
- Helped provide support to the complete Aladdin ecosystem as part of the Operations Team.

Schneider Electric, Bengaluru — Intern

MAY 2019 - JULY 2019

- Developed POC for shifting existing services to a bare-metal Kubernetes cluster.
- Provided path-based routing and metrics collection via Voyager and Prometheus.

EDUCATION

Manipal Institute of Technology, Manipal — B.Tech

AUGUST 2016 - AUGUST 2020

- Computers and Communication (Minor: Big Data).
- Grade: 8.63 / 10
- Academic Head for non-profit initiative, Teach Code for Good.
